Central
Committee**

Improving the health of communities through water and sanitation in Jordan

Green Schools Water Conservation: MCC partner Madaba for Supporting Development (MSD) operates the Green Schools program, which is improving access to water and encouraging water conservation at nine schools (over three years) in the Madaba governorate of Jordan. **Your gifts to My Coins Count can provide water piping, tanks, and pumps for a school, and pay for a school garden.**

Gena Alelah Mohammad, a student from the Bassa primary school, takes a drink of water from the school's tap. (MCC photo/Meghan Mast)

PROJECTS OF  **VMMissions**
 1919 Celebrating 100 Years 2019

Strengthening the worldwide body of Christ

E³ Collective is an initiative of VMMissions that invites followers of Jesus to participate in healthy and holistic short-term (a week or more) mission experiences. **Help VMMissions strengthen the worldwide body of Christ through your donation to My Coins Count**, which will be used to support refugees in the Middle East. VMMissions joins local church partners in hosting soccer camps and medical clinics that serve refugees in Jordan.

Sharing the good news with those in prison

“Remember those in prison as if you were doing time.” (Heb 13:3) **Jason Wagner’s chaplaincy at the Harrisonburg-Rockingham Regional Jail** is growing into a dynamic prison ministry. Through Jason and team, there are abundant opportunities to bless men who are currently incarcerated, and also those who have been recently released. **Help Jason share the healing love of Jesus to inmates and disciple them in faith.**
